CAMPING MODE

ONE UNBELIEVABLE, ALL-IN-ONE, TRAILER... COUNTLESS USES.

GO SPECS

Low-profile and lightweight, GO can carry up to 6 bikes, 6 boats, plus a bunch of gear, without even having to raise GO into Transport Mode. Fully compatible with all major rack brands, create a mounting area as wide as 78".

With the GO Tongue Extension Kit, you can carry canoes and longer touring boats (up to 20' long). Carry two big boats and still carry hundreds of pounds of gear on the Polished Aluminum Diamond-Plate Deck.

Need to carry larger items? Simply raise the GO up into Transport Mode. With the Polished Aluminum, Control-Tilt Cargo Deck, you can load up to 840 lbs. Motorcycles, ATVs, Lawn Mowers, small farm animals... just about anything!

Need to haul some REALLY big items? Tool-free removal of the entire Upper Rack structure makes GO an extremely capable Open-Topped Utility Trailer. Carry up to 800 lbs. on the deck and turn your small, fuel efficient car into a heavy duty workhorse for the weekend.

If you're traveling and don't want to unload your boats or bikes... just raise them up, safe and secure. No need to unload. If you change your mind, simply climb up the side, like a ladder and bring them down.

GO comes complete with two internal Bed/Table Panels and 4 Self-Inflating Air Mattresses, which provide six different interior configurations, including this giant King-and-a-half-sized bed!
